STANDARD EQUIPMENT

- ✓ Elevator
- ✓ Elevator supports
- ✓ Elevator service platform
- ✓ Motored 3-way divider
- ✓ Over pressure heater
- ✓ Control panel
- ✓ Pe-cleaner
- ✓ Bottom fan 1.5kW
- ✓ Service platform and ladder
- ✓ Supply cable 10m
- ✓ Circulate piping
- ✓ Rain covers for burner, elevator and pre-cleaner
- ✓ Work lights
- ✓ Frame steps and railings

OPTIONS

- + Bottom conveyor 1.5kW
- + Tipping hopper 1x3m 1.5kW
- + Rain cover for tipping hopper
- + Seed Cleaner
- + Cyclone
- + GSM alarm
- + Control automation
- + Scale device
- + Additional switch for feeder
- + Motored shutter for heat cell

FEATURES OF SW MOBILE DRYERS

WITHOUT BOTTOM CONVEYOR

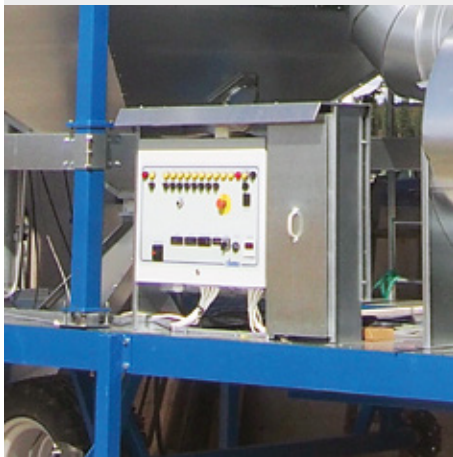

Arska-SW is the first mobile dryer on the market which works without bottom conveyor! Structure allows the elevator to provide full discharge power. Also the possible damage of grain is reduced.

We recommend to install a Seed Cleaner between the dryer and elevator.

RELIABLE CONTROL PANEL

SW mobile dryer has its own control panel, which has a starter for tipping hopper auger and a switch for work lights. A reliable system makes using the dryer smooth and easy. A water and dust proof cover protects the parts inside.

TRANSPORT HEIGHT

SW mobile dryer is delivered as in the image. Heater, dryer base and control panel are located on top of the sturdy frame.
